

BUSINESS OVERVIEW [AT A GLANCE]

EQUIPMENT BUSINESS

Imaging equipment

- Digital projectors for cinemas
- Digital projectors for general imaging, control rooms, simulators, digital signage and virtual reality systems

Optical equipment

- Optical equipment for manufacturing semiconductors, flat panel displays and electronic components (lithography equipment, photo-cleaning units, photocuring equipment, and others)
- UV phototherapy devices for skin disease and other medical devices
- EUV light sources equipment for semiconductor inspection and development applications

*Sales indicates sales to unaffiliated customers

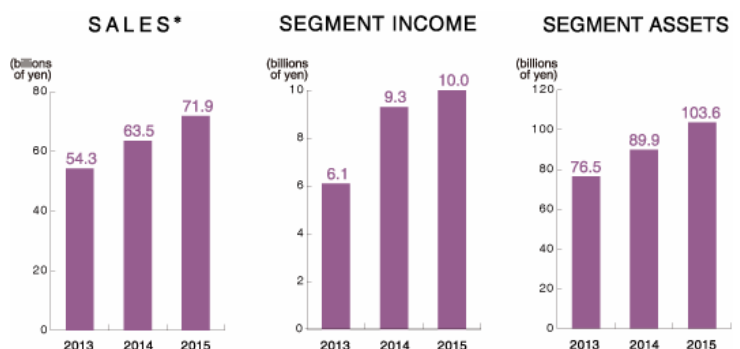

LIGHT SOURCES BUSINESS

Discharge lamps/LED · LD

- UV lamps for manufacturing semiconductors, flat panel displays and electronic components
- Light sources for use in cinema projectors, data projectors, office automation equipment, illumination, and industry

Halogen lamps

- For use in office automation equipment
- For illumination applications (commercial facilities, stage and studio lighting, specialized lighting and others)
- Industrial halogen heaters

*Sales indicates sales to unaffiliated customers

Machinery for Industrial Use and Other

- Plastic forming applications, peripheral machinery
- Machinery and systems for industrial use
- Others

*Sales indicates sales to unaffiliated customers
